

Activities of the Legal Metrology Directorate in 2012

1 – Approval of models of measuring instruments:

79 decisions of model approval

2 – Initial Verification of measuring instruments:

Instrument category		Number
Utility meters	Natural gas meter	21600
	Electrical power meter	152459
	Water meter	155000
Length measure		251779
Measuring systems for liquids other than water		1283
Weighbridges		46
Weighing instruments of maximum range under the 5 tons		36019
Masses		12080
Tachographs		398
Taximeters		1012
Humidity meter		3
Standard gauges		44
Tank trucks		69

3 – Periodic verification of measuring instruments:

Instrument category	Number
Tank trucks	79
Fixed tanks	80
Fuel dispenser	9175
Standard gauges	797
LPG Volume meters mounted on trucks	12
Electrical power meter	5137

Weighbridges	614
Weighing instruments of maximum range under the 5 tons	36099
Masses	91277
Humidity meter	41
Tachographs	49
Length measure	995

4 – Activity of Chartered organizations:

Organization: Central laboratory for Analysis and testing (LCAE)

Activity: Verification on primitive and periodic basis of none automated weighing instruments of maximal range more than 30 kilos.

Number of instruments: 660 instruments of weighing

5 – Study of importation documents:

768 importations files for 203841 measuring instrument.

6 – Metrological Surveillance during the month of Ramadan:

Number of visits	915
Number of controlled instruments	1000
Number of awareness brochures distributed	250
Number of charge sheets (signalled infractions)	402
